WRITING IN HIEROGLYPHS

Author: Evelyne Faivre-Martin
Author: Daniel Soulié

Co-published with the Musée du Louvre, *Writing in Hieroglyphs* offers a captivating introduction to the writing system of ancient Egypt, one of the world's most complex and fascinating civilisations. Thanks to its clear framework for understanding the fundamentals of hieroglyphs, readers will be able to decrypt examples from the museum's Department of Egyptian Antiquities. Complete with a glossary and activities to help children and adults understand hieroglyphs, *Writing in Hieroglyphs* is a singular exploration of an ancient language that was intricately intertwined with the history, philosophy, and mythology of ancient Egypt.

An immersion in the history of art and civilisations

THIS IS NOT A STILL LIFE!

Author: Caroline Larroche

Co-published with the Musée du Louvre, *This Is Not a Still Life!* takes a fresh, wide-reaching look at the still life genre. Objects, symbols, and other things that affect, play a role in, and symbolise daily life are omnipresent, and it is to foster

a better perception and understanding of this phenomenon that artists of the past and the present continue to perpetuate the genre.

Art historian Caroline Larroche confronts dozens of works of art from various eras and styles to offer a multilateral vision—meticulously researched but nonetheless highly accessible—that will appeal to a host of audiences. Young readers will discover masterpieces from the Louvre and other major museums, and the fascinating, straightforward dialogue between them will inspire readers to see their own daily lives in a new light.

An upbeat, interactive format

A work that inspires reflection

ERRORS IN ARCHITECTURE

Author: **Antoine Vigne**

From the pyramids of Ancient Egypt to 20th-century skyscrapers and the International Space Station, the history of architecture can be read as an uninterrupted series of experimentations, dreams and desires. It encompasses the spirit of a time, its political meanderings, its aesthetics, the state of research and science, as well as reality. In front of this reality, the architect has to come up with a shape and respond to a client's need. But in this interval between reality and desire, mistakes come to occur...

In the same series, discover *Errors in Maps*, *Errors in Painting*, *Errors in cooking* and *Errors in the History of the 20th century*.

> A series of beautifully illustrated coffee table books spotting all the errors and common misreading in art and history.

> An entertaining and exciting way of rediscovering the key moments of our time.

Adult book
Format: 24.3 x 28 cm
